Dear Ms Tucker,

Application for Capacity – Indonesia route

Effective during the Northern Summer scheduling season, commencing 31 March 2019, Qantas Airways Limited (Qantas) plans to operate one additional weekly service between Australia and Indonesia during periods of peak demand.

It is planned that the service will be operated using A330-300 aircraft configured with 297 seats.

For flexibility, the ability for another Australian carrier which is a wholly-owned subsidiary of Qantas, such as Jetstar Airways Pty Limited, to utilise capacity on the route is requested.

Allocation Sought

Qantas requests an allocation of 284 seats per week on the Indonesia route on the following basis:

- the allocation is requested for a period of five years from the date of the determination;
- the capacity will be fully utilised by 31 October 2019;
- the capacity may be utilised by Qantas or another Australian carrier which is a wholly-owned subsidiary of Qantas; and
- the capacity may be used by Qantas to provide joint services with any wholly-owned subsidiary and by any wholly-owned subsidiary of the Qantas Group to provide joint services with Qantas.

We would be pleased to provide any further information the Commission may require.

Yours sincerely,

Megan Morris
Acting Head of International Affairs
