International Air Services Commission

[2015] IASC R02 (22 October 2015) Qantas Airways Limited (Qantas)

The International Air Services Commission (the Commission) has given authorisation for Qantas to code share with China Eastern on the following routes:

- China [2013] IASC 125
- Singapore [2007] IASC 116, as varied by Decision [2010] IASC 202
- New Zealand [2014] IASC 102

The authorisation was given in accordance with the code share agreement between Qantas and China Eastern dated 9 July 2008. On 18 August 2015 and 16 October 2015, Qantas provided the Commission, on a confidential basis, copies of amendments to the Qantas-China Eastern Code Share agreement dated 10 August 2015 and 12 October 2015, respectively.

The Commission notes the change from a blocked space to a free sale code share arrangement effective from 1 November 2015 on selected flights under the code share agreement.

The Commission resolves ([2015] IASC R02) to approve the use of the allocated capacity under the amended code share agreement between Qantas and China Eastern.
