

## RENEWAL DETERMINATION

**DETERMINATION NO:** [2002] IASC 129  
**RENEWAL OF:** DETERMINATION IASC/DET/9806  
**THE ROUTE:** THAILAND  
**THE APPLICANT:** QANTAS AIRWAYS LIMITED  
(ACN 009 661 901) (QANTAS)  
**PUBLIC REGISTER FILE:** IASC/APP/200216

### 1 The application for renewal

1.1 On 23 April 1998, the Commission issued Determination IASC/DET/9806 (the Determination) allocating 7 third party code share services per week in each direction on the Thailand route.

1.2 Under the *International Air Services Commission Act 1992* (the Act) the Commission must start its consideration of the renewal of a determination at least 12 months before expiry of the Determination. The Determination expires on 22 April 2003.

1.3 Qantas applied to the Commission for a renewal of the Determination. The Commission published a notice on 2 September 2002 inviting submissions about the application, and other applications for an allocation of the capacity subject to renewal. No submissions or other applications were received.

1.4 All material supplied by the applicant is filed on the Register of Public Documents.

### 2 Commission's consideration

2.1 Under the Minister's Policy Statement (No. 3), of 23 April 1997, as amended on 9 March 1999, there is a rebuttable presumption in favour of the carrier seeking the renewal.

2.2 The Commission notes that:

- Qantas has been fully utilising the relevant capacity;
- there are no other applicants seeking capacity on the route;
- there are 14 third party code share services in each direction available for immediate allocation; and
- there is no evidence that Qantas has failed to service the route effectively.

2.3 In these circumstances, the Commission concludes that the renewal of Determination IASC/DET/9806 would be of benefit to the public.

2.4 The wording of the fresh determination below reflects the view of the Commission that determinations which renew original determinations should contain updated terms and conditions consistent with the Commission's current practice and current air services arrangements. Under the Act, the Commission may make changes to the terms and conditions included in the original determination where warranted by changes in circumstances since the original determination was made.

### **3 Determination for renewal of Determination IASC/DET/9806 allocating capacity on the Thailand route to Qantas ([2002] IASC 129)**

3.1 The Commission makes a fresh determination in favour of Qantas Airways Limited, allocating seven third party code share services per week in each direction between Australia and Thailand under the Australia – Thailand air services arrangements.

3.2 The determination is for five years from 23 April 2003.

3.3 The determination is subject to the following conditions:

- Qantas is required to fully utilise the capacity;
- only Qantas is permitted to utilise the capacity;
- the capacity may be used by Qantas to provide services jointly with British Airways in accordance with:
  - the code share agreement dated 5 October 1997; or
  - any new code share agreement, whether or not it replaces the existing agreement, with the prior approval of the Commission;
- under the arrangements with British Airways, Qantas may only price and market its services, or share or pool revenues/profits on the route, jointly with British Airways as long as such practices are authorised under the *Trade Practices Act 1974* or otherwise authorised by the Australian Competition Tribunal, in the event of review by that Tribunal;
- to the extent that the capacity is used to provide joint on the route, Qantas must take all reasonable steps to ensure that passengers are informed of the carrier actually operating the flight at the time of booking;
- changes in relation to the ownership and control of Qantas are permitted except to the extent that any change:
  - results in the designation of the airline as an Australian carrier under the Australia - Thailand air services arrangements being withdrawn; or

- has the effect that another Australian carrier, or a person (or group of persons) having substantial ownership or effective control of another Australian carrier, would take substantial ownership of Qantas or be in a position to exercise effective control of Qantas, without the prior consent of the Commission; and
- changes in relation to the management, status or location of operations and Head Office of Qantas are permitted except to the extent that any change would result in the airline ceasing to be an airline designated by the Australian Government for the purposes of the Australia - Thailand air services arrangements.
