IASC Act and Minister's Policy Statement considerations

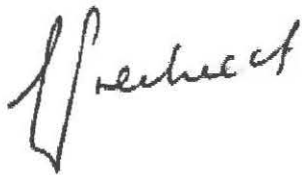

We request that the Commission consider this application against the general criteria for assessing the benefit to the public in Paragraph 4 of the Minister's Policy Statement.

The Paragraph 4 criteria provide that the use of entitlements by an Australian carrier under a bilateral air services agreement is of benefit to the public, provided that the carrier is reasonably capable of obtaining the necessary approvals and implementing the proposal

We will shortly provide your office with a copy of our supporting documentation, including commercial and financial company information. We request that this supporting documentation is not placed on the public register.

We would be pleased to provide any further information the Commission may require in considering our application for capacity. Should you have any queries, please contact me on (0487) 696 080.

Yours sincerely
