Dear Mr Bird

Re: Application for Capacity Allocation - Indonesia

Sky Air World Pty Ltd proposes to commence services between Darwin and Denpasar, on 16 February 2009. Sky Air World will be utilizing ERJ 170 and ERJ 190 aircraft.

Allocation Sought

Sky Air World seeks an allocation of unlimited capacity between Darwin – Denpasar return. The services will not be provided jointly with another carrier.

IASC Act and Policy Statement Considerations

Sky Air World is not a new carrier. It successfully operates the Brisbane – Honiara route, and RPT services on the Brisbane – Cloncurry – Cairns route, as well as numerous long term, regular and *ad hoc* charters, both domestically and internationally. Sky Air World presently utilizes an all Embraer jet fleet.

We request that the application be considered against Paragraph 4 of the Minister's Policy Statement.

We would be pleased to provide any further information the Commission may require in support of this application.

Yours faithfully

Robert Winter
General Counsel
