International Air Services Commission
PO Box 630
CANBERRA ACT 2601

Dear Ms Tucker *Marlene*

Re: Renewal of Commission Determinations

I refer to your letter of 12 August 2013, regarding the renewal of determinations we hold for the Indonesia route which are due to expire within the next 12 months.

Virgin Australia continues to fully utilise capacity allocated by Determination [2009] IASC 113 to operate our services to Indonesia. We wish to retain this allocation and therefore seek renewal of the abovementioned determination for a period of five years from 11 August 2014.

In applying for this renewal, we note that the Register of Available Capacity provides that there are 1,972 seats per week in each direction available for allocation to Australian airlines for the operation of services between Indonesia and Sydney, Melbourne (including Avalon), Brisbane or Perth, together with an additional 2,500 seats per week in each direction provided services are operated via or beyond to a point in Australia other than Sydney, Melbourne (including Avalon), Brisbane or Perth. Furthermore, the Commission has acknowledged the strong growth recorded on the Indonesia route in recent years in Determinations [2013] IASC 127 and [2013] IASC 130. To ensure that Virgin Australia has the flexibility to respond to future growth within the market, we wish to retain all of the capacity we hold on the route, including the 720 seats allocated by Determination [2009] IASC 113.

We would be pleased to provide any further information the Commission may require in considering our request for renewal. Should you have any queries, please contact me on (02) 8093 7114.

Yours sincerely

Lee-Anne Tomkins
